DONNA GALLOWAY

VP, Product Management & Marketing

Donna Galloway is a successful entrepreneur and 20-year leader in Commonwealth banking and finance IT. Donna currently helms Product Management and Marketing for Portfolio+ Inc., where she is positioned to leverage the core strengths of new parent global IT giant, Constellation Software Inc. (TSE: CSU).

Donna is equipping Canada's top financial institutions and fintechs to compete, innovate and grow customer affinity in the emerging digital ecosystem, most notably through Portfolio+ Inc.'s API-enabled, fully documented and secure +[Open Banking](#) Platform.

As a trusted leader who builds productive relationships, Donna helps enable Portfolio+ partners to delight their customers, grow their base, anticipate customer needs, and ultimately guide customers to their best life-long digital finance experience.

Donna also continues to effectively cultivate relationships with entities shaping the regulatory and developer environments in Canada and abroad, whether in-person, through speaking engagements, or in her roles on different advisory councils for Progress Software, most recently active on their Global Advisory Council.
